APPLICATION FOR CHANGE IN EXISTING COURSE: MAJOR & MINOR

1. Submitted by College of Allied Health Professions ________________________________ Date March 4, 2001
Department/Division offering course Dept. of Clinical Sciences: Division of Athletic Training

2. Changes proposed:
(a) Present prefix & number AT 695 Proposed prefix & number AT 695
(b) Present Title Advanced Seminar in Athletic Training New Title Rehabilitation Concepts in Athletic Training

(c) If course title is changed and exceeds 24 characters (Including spaces), include a sensible title (not to exceed 24 characters) for use on transcripts:
Rehab Concepts in AT

(d) Present credits: 4 Proposed credits: 4
(e) Current lecture: laboratory ratio 3 lecture: 2 lab Proposed: 3 lecture: 2 lab
(f) Effective Date of Change: (Semester & Year) Fall, 2001

3. To be Cross-listed as: __________________________________________________________
Prefix and Number ____________________________________________________________
Signature: Department Chair

4. Proposed change in Bulletin description:
(a) Present description (including prerequisite(s):
   An overview of sports medicine topics that address current issues related to the rehabilitation of athletic injuries.
(b) New description:
   Same as above
(c) Prerequisite(s) for course as changed: Graduate standing and consent of instructor.

5. What has prompted this proposal?
   A need to create a separate rehabilitation and evaluation course for graduate athletic training students

6. If there are to be significant changes in the content or teaching objectives of this course, indicate changes:
   Removal of all musculoskeletal evaluation material so the course may address specific issues related to rehabilitation following athletic injuries. Evaluation material will be presented in AT 690 Orthopaedic Evaluation in Athletic Training. See attached

7. What other departments could be affected by the proposed change?

8. Will changing this course change the degree requirements in one or more programs?*  □ Yes ☑ No
   If yes, please attach an explanation of the change.*

9. Is this course currently included in the University Studies Program?
   If yes, please attach correspondence indicating concurrence of the University Studies Committee.
   □ Yes ☑ No

10. If the course is a 100-200 level course, please submit evidence (e.g., correspondence) that the Community College System has been consulted.

*NOTE: Approval of this change will constitute approval of the program change unless other program modifications are proposed.
11. Is this a minor change?
   □ Yes □ No
   (NOTE: See the description on this form of what constitutes a minor change. Minor changes are sent directly from the Dean of
   the College to the Chair of the Senate Council. If the latter deems the change not to be minor, it will be sent to the appropriate
   Council for normal processing.)

12. Within the Department, who should be consulted for further information on the proposed course change?

   Name: Carl G. Mattacola, PhD, ATC
   Phone Extension: 3-1100 ext 267

   Signatures of Approval:

   **********

   The Minor Change route for courses is provided as a mechanism to make changes in existing courses and is limited to one or more of
   the following:

   a. change in number within the same hundred series;
   b. editorial change in description which does not imply change in content or emphasis;
   c. editorial change in title which does not imply change in content or emphasis;
   d. change in prerequisite which does not imply change in content or emphasis;
   e. cross-listing of courses under conditions set forth in item 3.0;
   f. correction of typographical errors. [University Senate Rules, Section II - 3.1]

Rev 11/98
Proposed Course Description: This course is designed to present an overview of sports medicine topics and address current issues related to rehabilitation of sport injuries. A combination of discussion, lecture, laboratory, and student presentations will be employed.

Course Objectives:
1. Describe the physiology of musculoskeletal injury and healing.
2. Demonstrate appropriate interventions available to athletic trainers in managing musculoskeletal injuries.
3. Describe and apply current theory related to the management of sport and orthopedic injuries.
4. Demonstrate proficiency in rehabilitation techniques of sport and orthopedic injuries.
5. Develop, write, and explain a rehabilitation program for an athlete recovering from a musculoskeletal injury.
6. Demonstrate ability to critically review sports and orthopedic literature.
7. Develop a rehabilitation program that is evidence based from the scientific literature.
