4. Proposed change in Bulletin description:
   (a) Present description (including prerequisite(s)):
       PT 628 utilizes biological aspects of aging as the foundation, and integrates psycho-social-spiritual characteristics associated with aging, health and function, through the use of lectures, discussions, case studies, experiential assignments, and panel discussions. Prerequisites include successful completion of the preceding PT curricular courses.
   (b) New description:
       PT 628 will utilize biological aspects of aging as the foundation, and integrate psycho-social-spiritual characteristics associated with aging, health and function through the use of lectures, discussions, case studies, service learning, panel discussions and clinical experience. Students will work closely with older adults in terms of PT management for those with functional limitations and in health care promotion and prevention.
   (c) Prerequisite(s) for course as changed:

5. What has prompted this proposal?
   The aging of the population has resulted in an increased focus on aging in the curriculum both in terms of providing PT to those with complex needs and in terms of health care promotion and prevention. Additional clinical and service learning elements are necessary to achieve the goals required.

6. If there are to be significant changes in the content or teaching objectives of this course, indicate changes:
   The changes will represent in part an intensification of the breadth and depth of the current course. Additions to the course will include a focus on interactions with older adults experiencing functional limitations.

7. What other departments could be affected by the proposed change?
   None

8. Is this course applicable to the requirements for at least one degree or certificate at the University of Kentucky?
   Yes  No

9. Will changing this course change the degree requirements in one or more programs?*
   It will contribute to an increase from 120 to 128 credits for graduation from the PT program.
   Yes  No

10. Is this course currently included in the University Studies Program?
    If yes, please attach correspondence indicating concurrence of the University Studies Committee.
    Yes  No

    If the course is a 100-200 level course, please submit evidence (e.g., correspondence) that the Community College System has been consulted.

*NOTE: Approval of this change will constitute approval of the program change unless other program modifications are proposed.

Subject: RE: DPT issues

Here we go: RE: #9 We interpreted this to mean change from the existing PT Program (MSPT/BHS) to DPT (proposed) The existing is 100 hours while the proposed is 120 – hence the reason it was checked Yes – however – you are correct that it does not impact the existing Program. (You are good !!!)

PT 604 – I’ve attached some electronic info – just add it as the redo of the 604 as I’ve completed the template for review – we knew it would need to be fleshed out and Sue did the initial to allow thanks again for the great eyes

PT-770 We had planned on having some weeks be heavier and others lighter – a better description would thus be Lecture 1-2 hrs. per week – (if averaged for the whole timeframe) so feel free to alter it to reflect Lecture 1-2 hours per week; … thanks again – Terry

Subject: DPT issues

Terry: Here are my issues with the DPT courses:

#9 On the Change in Existing course for PT 654 and PT 628. The comment: “It will contribute to an increase from 100 to 120 credits for graduation from the PT program.” Is this a change in the masters program? If so, a change in degree form needs to be submitted.

On the Application for a new course for PT 604, the syllabus is not complete, for example there is no grading and Sue Queen is listed as the instructor.

On the application for a change in existing course for PT 770 #4 present description and proposed description both have 0-2 lab hours and 2-3 lecture hours listed but the course is being decreased from 3 to 2 credits. Is there a typo in the new description?

The DPT has been changed from associate to doctoral on the CPE website.

See you at Grad Council tomorrow.
