   __________________________________________________________________________
   Simple renumbering of course to reflect appropriate clientele. There’s no reason students would need to be seniors.
   Actual enrollment regularly includes juniors and they thrive in the course. Perhaps most importantly, we are not confident that
   we will continue to have faculty available who are qualified to teach this course with a “G” suffix. We want to be able to keep
   it in rotation for the undergraduate program and for the Appalachian Studies program.

6. If there are to be significant changes in the content or teaching objectives of this course, indicate changes:
   No changes. Bringing course numbering in line with the course’s mission.
