New Grad Enrollment by College (1 of 3)
There were an additional 76 new graduate MBA students in the College of Business and Economics who entered in the Summer 2012 term, 57 in the Summer 2013, and 65 in the Summer 2014. These students are not considered to be first-time graduate students within the Fall CPE enrollment dataset, but do demonstrate that overall and first-year enrollments have in fact slightly increased in B&E.
