Subject: Clarification
Content-Type: text/plain; charset="us-ascii"

To All,

Regarding the previous announcement to help clear up any confusion, the upcoming Nuts and Bolts of HIPAA in Research presentation scheduled for July 16, 2003, 10 a.m. to 12 p.m., at 115 Health Science Learning Center/CoN, does not satisfy mandatory HIPAA training requirements in the clinical areas. This presentation is simply an introduction to HIPAA for those individuals conducting research.

Again, if there are any questions, please call or e-mail Patrick Thompson in ORI at 7-9428 or thomp@uky.edu.

Sincerely,
A. Larry Iten, DVM
Associate Director
Office of Research Integrity
Room 301, Kinkead Hall
Campus 0057
7-8295 Phone
7-8995 FAX
aliten@email.uky.edu

This listserve is updated with email addresses from the ORI-IRB database from active approved IRB protocols. If you are receiving this message in error because you have no approved, active IRB protocols, please send a message to aliten@email.uky.edu. Thank you.
