

Browser Setting for Internet Explorer

The browser settings, including whether or not to have a pop-up blocker turned on, are specific to the individual workstation and are not controlled by our application.

If you use the IE browser you also have two options for successfully opening attachments and displaying the IAF form:

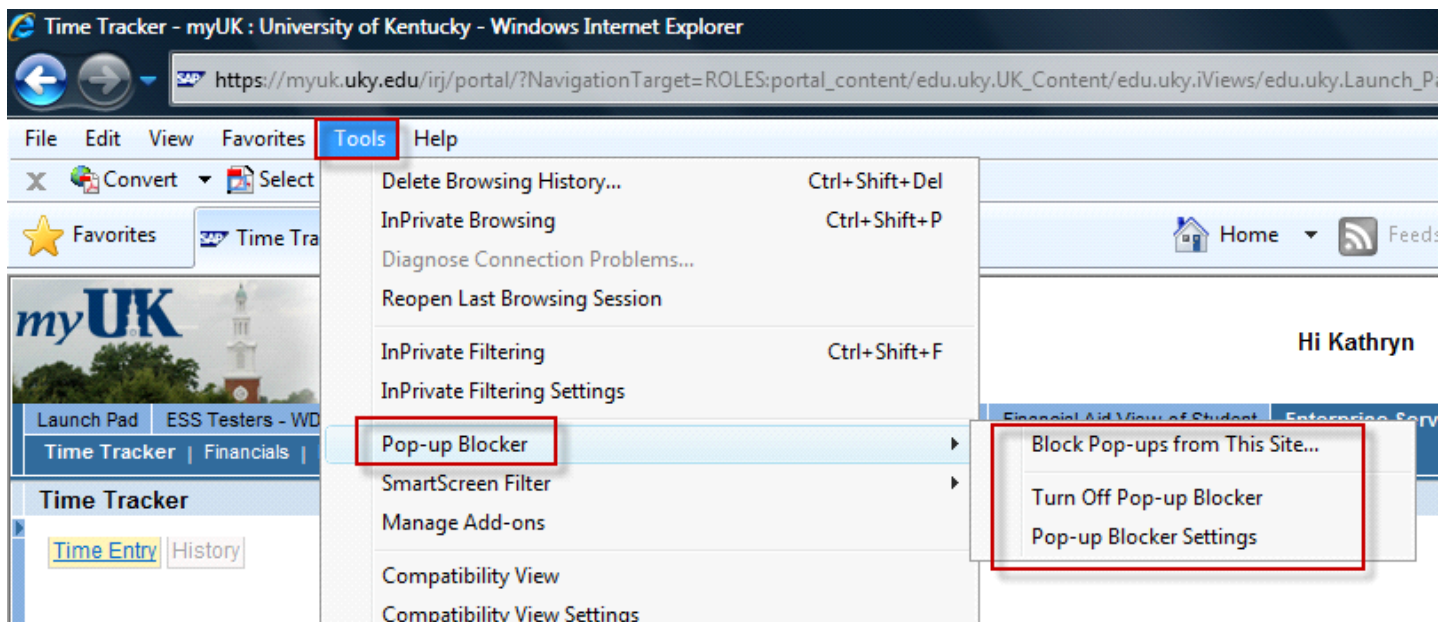

- 1) Turn off pop-up blockers totally

Go to Tools, Pop-up Blocker and select the option to Turn Off Pop-up Blocker.

- 2) Put the locations of the portal into the pop-up exception list, which will allow the pop-up blocker to work everywhere EXCEPT the portal.

Go to Tools, Pop-up Blocker and select the Pop-up Blocker Settings option. Enter the address for the myUK portal.

Pop-up Blocker Settings

Exceptions

Pop-ups are currently blocked. You can allow pop-ups from specific websites by adding the site to the list below.

Address of website to allow:

Add

Allowed sites:
