How Data Informs Kentucky’s Response to the Opioid Overdose Epidemic

Dr. Slavova will provide an overview of recent Kentucky drugs overdose mortality and morbidity trends and discuss Kentucky Injury Prevention and Research Center’s (KIPRC’s) repository of drug-related health outcome data that supports efforts of researchers evaluating population level outcomes.

Svetla Slavova, PhD
Associate Professor, Department of Biostatistics
Faculty Researcher, Kentucky Injury Prevention and Research Center
University of Kentucky

DATE
Monday
Jan. 29, 2019

LOCATION
UHS 130
(Beside Employee Health)

12:00—12:30 Presentation by Svetla Slavova, PhD

12:45—1:00 Open Consultation Time with BERD Members

The BERD will be available for short consultations or questions on study design, data analysis, statistical software questions, proposal development and/or writing, or any other statistical questions. Full consultations may be scheduled in follow-up to questions asked during this time.

REGISTRATION REQUIRED
To reserve your place, please email CCTS at CCTS@UKY.EDU by Friday, January 25, 2019.
If you require special physical arrangements to attend this program, please call 323-8545.

Pizza & Pilots (Proposals) is a regular series offered by the BERD and sponsored by the CCTS on the last Monday of each month.

What’s a BERD?
Biostatistics, Epidemiology, and Research Design

We Provide
- Consultations on study design for clinical trials, community-based participatory research, and population-based (epidemiologic) studies
- Quantitative data analysis
- Protocol review
- Pilot studies
- Grant submissions
- Publications

For
- Richard Kryscio, PhD (Director)
- Arnold Stromberg, PhD
- Emily Slade, PhD

By
- Heather Bush, PhD (Co-Director)
- Phil Westgate, PhD
