

CCTS BERD Pizza & Pilots Series

The Pizza & Pilot Series, hosted by the CCTS

[Biostatistics, Epidemiology & Research Design \(BERD\) Core](#),

provides monthly opportunities to learn more about a statistical topic and ask questions of BERD biostatisticians. Due to COVID-19 we will be offering a *virtual Pizza & Pilots Series* for the 2020-2021 academic year.

Each month we will offer different topics in the form of a “virtual pie”. Each slice will represent a different training opportunity to learn about the topic. You can partake in a single slice or multiple, the choice is yours!

Once registered, you will receive links to our monthly resources. You will have three weeks to review the provided resources and gather questions for our BERD faculty.

At the end of the month BERD encourages investigators to bring their questions to the *Chat with Faculty* meeting. This is a time for investigators to ask questions about the topic or have brief consultations with BERD faculty.

December: Data Collection and Management

Join us for the
BERD Pizza & Pilots,
Chat with Faculty

Monday, December 14th
12:00pm to 12:30pm

Chat with Faculty are monthly virtual office hours with BERD faculty. This is a time to ask questions about the monthly topic or have consultations with BERD members.

To register for BERD Pizza & Pilots:

- Log into [myUK](#)
- Select [myUK Learning](#) from the Employee Self Service tab
- Then select “*Learning*”
- Use the “find learning” tile to search for **BERD Pizza and Pilots**
