

## Communicating Science and Engaging Young People in E-cigarette Prevention Through Comics

**DATE**  
Tuesday,  
March 16, 2021

**TIME**  
12:30-1:30 pm  
via Zoom

### **Presented by:**

**Melinda J. Ickes, PhD**  
Associate Professor, Director  
of Graduate Studies,  
Department of Kinesiology  
and Health Promotion  
College of Education

Co-Director Tobacco Policy,  
BREATHE, College of Nursing

### **Key objectives:**

- 1) Describe the process of translating a published research study to a comic book.
- 2) Summarize feedback received from college facilitators on strategies to integrate the comic into current prevention programming.
- 3) Discuss next steps for implementation and dissemination of the comic.
