KYNETIC Project Managers can assist you with various aspects of the pre-application preparation, including the review of drafts prior to submission. We encourage informal inquiries about whether an idea or product would be suitable for this program. If needed, we also may be able to help identify a suitable collaborator(s) and/or faculty sponsor for non-faculty applicants.

8. **Section 3. Additional Investigators: Faculty Sponsor Information.** Complete the Faculty Sponsor section if applicable. Non-faculty applicants (staff, trainees, and students) must identify a faculty member who is willing to sponsor their application.

Section 3. Additional Investigators

All fields are required.

All personnel listed on this pre-application will be asked to complete the "KYNETIC Contributor Form".

Personnel other than MPI, Co-I, OSC, or Faculty Sponsor do not need to be listed here.

KYNETIC Investigator Roles:

Principal Investigator (PI): Individual who is responsible for leading and directing the project, intellectually and logistically. Multiple PIs are permitted (maximum of 3). When a multiple PI model is used, "Contact PI" is used to refer to the PI who will receive communications from the KYNETIC program, and "MPI" is used to refer to an additional PI(s), i.e., those who are not the Contact PI.

Co-Investigator (Co-I): Individual who is involved with the PI in the scientific development or execution of a project. Usually has measurable effort.

Other Significant Contributor (OSC): Individual who has committed to contribute in an advisory role to the scientific development or execution of the project but are not committing any specified measurable effort to the project. Individuals with measurable effort may not be listed as Other Significant Contributors (OSCs). Consultants can be included if they meet this definition.

Faculty Sponsor Information

If the PI/Contact PI is a non-faculty applicant (i.e., staff, postdoctoral trainee, student), a faculty sponsor is required. If a project is awarded funding, the faculty sponsor must agree to provide project oversight, which may include but is not necessarily limited to, financial/account management and IRB/IACUC protocol management/supervision. A faculty sponsor may also be an MPI, Co-I, or OSC on a project/application, but it is not required for a faculty sponsor to also be an MPI, Co-I, or OSC.

Faculty sponsors are required to complete the "KYNETIC Contributor Form", which will ask them to confirm their willingness to serve as a sponsor on the pre-application.

Faculty Sponsor First Name:	<input type="text"/>
Faculty Sponsor Email:	<input type="text"/>
Faculty Sponsor Phone:	<input type="text"/>

Faculty Role for this project:

A faculty sponsor may also be an MPI, Co-I, or OSC on a project/application, but it is not required.
