

# DLAR Access Instructions

1. Complete all [Mandatory Education for IACUC](#), have been cleared through University Health to work with animals, and have been added to an active animal use protocol in Cayuse AO by your Principal Investigator (PI) and have an active UK ID badge.
2. Submit a completed [DLAR Access Request Form](#) to the DLAR main office in HSRB 204 via e-mail through the form. If the e-mail option in the form does not work please contact the [DLAR Main Office](#) for assistance.

An additional access request form is needed if your animals are housed in [Biomedical Biological Sciences Research Building](#) (BBSRB) or [Multidisciplinary Science Building](#) (MDSB).

3. DLAR main office personnel will verify that the IACUC has approved you on an active protocol and will contact you regarding setting up an appointment for DLAR access.

4. DLAR Access Appointment:

Come to the DLAR Office in 204 HSRB.

**Bring your UKY ID badge with you.**

DLAR main office personnel will verify the access levels you need and add access to your badge.

5. General Information

Per UK HealthCare Policy #A10-110, requires all employees to wear an official ID badge in plain sight at all times while at work.

Do not loan your ID badge to anyone or borrow anyone else's badge. If you do so, your access to DLAR animal facilities will be revoked and your ID badge may be confiscated.

If you have had access to animal facilities and your badge stops working, email a description of the problem (including the room number and building name where the problem occurred) with your name and UK person ID# to

[CampusAccess@uky.edu](mailto:CampusAccess@uky.edu).

6. For questions contact the DLAR Main office at:

Phone (859) 323-7132
